Before concluding I feel it my duty to record that Syed Massoom and Nagappa Inspectors of Chellakere and Ananthpur the 1st and 14th wits for the prosecution and Daffadar Subbarna 2rd witness especially the two Inspectors have acted with great promptitude and loyally and willingly co-operated with the Mysore Im Officers in the detection of the crime and that but for such willing co-operation and prompt action, the case could never have been detected The chellakere Inspector as soon as he obtained clues - he deserves credit also for obtaining such clues proceeded to Ananthapur without loss of time and put m himself in communication with the Inspector there and both of them, as I recorded above acted with great energy and promptitude, and in the course of about 30 or 36 hours practically brought their investigation to a close If the case had not been at once detected, the consequences might have been disastrous, for there is reason to believe that a strong gang of men probably aided and abetted by Shanbhog Hanumanthappa perhaps by others also might have without doubt committed more inroads into Mysore and more
